

Everything you need to know about  
the Healthcare Value Analysis &  
Utilization Management Magazine

## Who we are

HVA&UM Magazine is the only periodical focusing exclusively on value analysis and utilization management in the healthcare industry. Since value analysis practitioners are the gatekeepers and influencers for almost all clinical purchases at their hospitals, systems and IDNs it's important to keep your name and products in front of them. We believe that the Healthcare Value Analysis & Utilization Management Magazine reaches this segment of the healthcare marketplace with timely information that these individuals require to up their value analysis game. Call us for more information on advertising with us.

# Our Products & Services

## Magazine

HVA&UM is the only periodical focusing exclusively on value analysis & supply utilization management in the healthcare industry. Since value analysis practitioners are the gatekeepers for almost all purchases at their hospitals, systems and IDNs it's important to keep your name and products in front of them. We can Help make this a reality!

## Awards

Being the acknowledged leader in value analysis & supply utilization information, we anticipate having a number of awards each year: value analysis program of the year, value analysis team leader of the year and value analysis big idea of the year. All to promote and reward practitioners in this important discipline.

## Software

We offer a number of value analysis software products: Clinitrack™ Value Analysis Manager, Utilizer® Dashboard, to make VA manager's job easier & productive.

# Our Mission

Our mission with Healthcare Value Analysis & Utilization Management Magazine is to help promote the best of the best strategies and methods in value analysis & supply utilization management and then to pass them along to our value analysis community, thus benefiting everyone in the healthcare value analysis & supply utilization world.

---

*Promote the best strategies and methods in VA and SUM  
and then pass them on to the VA community.*

---

## Why Another Supply Chain Magazine?

Value analysis has high name recognition in our healthcare industry but there are many fundamental differences in philosophy, methods and practices that we believe need a helpful voice to bring everything into perspective. We want to explore new vistas and go boldly where no other supply chain magazine has gone before in order to bring our readers the best savings strategies and practices that will help their hospital, system or IDN's value analysis teams and committees move to the next level of performance. Our magazine scope is endless when you think about the multitudes of savings opportunities that we can talk about on the hundreds of thousands of products, services and technologies purchased on a daily basis by each and every healthcare organization in the country

## You Too Can Be Part of This Evolution

As an advertiser in our magazine you too can be part of this evolution in healthcare value analysis management. **Let us show you how!**

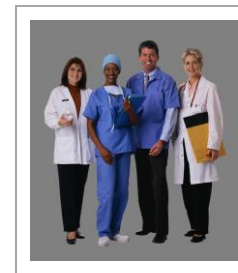

# Benefits to Advertisers

## Reach A Hard to Reach Market

Value analysis practitioners are often hidden in their hospital, system or IDN. They go by many titles, but they all have one thing in common; they decide on the best products, services and technologies for their healthcare organizations. We can help you find these individuals at the lowest cost per contact.

## Talk Directly To Your Customers

Value analysis teams and committees are made up of key department heads and managers who influence the buying of your products, services and technologies. Wouldn't you like to talk to these individuals directly about how you can make their jobs easier and more productive?

## Become A True Partner

Through our awards, honorable mentions and recognition programs, your company can participate as a sponsor or partner for these events. What better way to get to know your target market and your customers.

# Advertising Rates

## Website Banners

Prominently place an on line banner ads (with links) on our HVA&UM's home page at the following rates:

Location	Size	1x	2x	3x	4x
